

## Dr. B.H.S. Thimmappa

### Constant Inspiration

One hope will raise several spirits like sprouts above a certain level limit  
One candle lights the night silently like door openers rekindle the spirit  
One story can encourage a soul to change forever to bear a sweet fruit  
One act of kindness can begin maturity like the opening bud exhibit

Higher education is the lighting of a fire to cope with contemporary life  
That makes ordinary people do extraordinary things in their journey of life  
Thoughtful, committed people can chase the very purpose of human life  
A blend of wisdom and experience could revive priorities in future life

Nanodrop may be our share of the work that offers irrepressible hopefulness

Develop the courage to solve problems of society through thoughtfulness

Awaken joy in creative expression and knowledge to the core

A constant readjustment to surroundings is a lesson for the soul

The worldly tasks, create a ripple effect to see the spectrum of the future possibilities

Expressions of optimism mingled with practicality, providing meaningful liberties

In a competitive political system, religion termed the opium of the masses that relate

Look at the bright side staying sensible and shift the brain gear back to a neutral, calm state

Success is a state of mind that can bring a profound peace in life

Uplifting thoughts could make a real difference in our daily life

One worthy deed can leave a deep impression mark on sociability fixation

Think things through while making new choices with constant inspiration
